

# Maryland East Area Aglow

It is exciting to see the Lighthouses in our area getting more involved in many creative outreaches: going into the needy places in inner cities; reaching out to the homeless; to those facing addiction and opioid problems; reaching out to the youth in our communities; prayer-walking schools and businesses; going into nursing homes, hospitals, assisted living homes with the gospel of Jesus Christ; carrying the Good News and the presence of the Lord into our communities as He leads.

- Anne Thomas, President Maryland East
